

Water Well Screening Event

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

The “Well Informed” TWON program is an education program that gives well owners the opportunity to have their well water samples screened for common contaminants including fecal coliform, bacteria, nitrates and high salinity. The screening of the water samples is followed by a 1-hour explanation of the results, water well protection practices and focuses on wellhead protection and recommendations for remediating well contamination.

Well Informed Screening - July 27

Hockley County Extension Office, 1212 Houston Street #2, Levelland, 806-894-3159

- Pick up sample containers prior to July 27 @ Extension Office
- Sample drop-off 8:30—10:00 a.m. July 27 @ Extension office
- The cost of each sample is \$10
- Results & Interpretation meeting @ Hockley County Extension Office, 1212 Houston Street #2, July 28 @ 5:30 p.m.
- TWON personnel will deliver the results via distance technology.

For more information, call the Extension office or visit <http://twon.tamu.edu/>

Funding for the Texas Well Owner Network is through a Clean Water Act nonpoint source grant provided by the Texas State Soil and Water Conservation Board and the U.S. Environmental Protection Agency. The project is managed by the Texas Water Resources Institute, part of Texas A&M AgriLife Research, AgriLife Extension and the College of Agriculture and Life Sciences at Texas A&M University.
