

Water Well Screening Event

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

The “Well Informed” TWON program is an education program that gives well owners the opportunity to have their well water samples screened for common contaminants including fecal coliform, bacteria, nitrates and high salinity. The screening of the water samples is followed by a 1-hour explanation of the results and water well protection practices, and will focus on wellhead protection and recommendations for remediating well contamination.

Well Informed Screening - October 28, 2020

Limestone County Extension Office, 200 West State Street, Groesbeck, 254-729-5314

- Pick up sample containers prior to October 28 @ Extension Office
- Sample drop-off 8:30–10:00 a.m. October 28 @ Extension office
- The cost of each sample is \$10
- TWON personnel will deliver the results via distance technology on Thursday, October 29 at 1:00 p.m.

For more information, call the Extension office or visit <http://twon.tamu.edu/>

Funding for the Texas Well Owner Network is through a Clean Water Act nonpoint source grant provided by the Texas State Soil and Water Conservation Board and the U.S. Environmental Protection Agency. The project is managed by the Texas Water Resources Institute, part of Texas A&M AgriLife Research, AgriLife Extension and the College of Agriculture and Life Sciences at Texas A&M University.
