

Water Well Owners Educational Event

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

Thursday, May 6, 2021
8:30 a.m. — 12:30 p.m.

Texas A&M AgriLife
Extension Office
Midland County
2445 E. Highway 80
Midland, TX

TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples the day before the event (Wednesday, May 5) to be screened for nitrate-nitrogen, total dissolved solids (TDS), arsenic and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at the Midland County Extension Office, 2445 E. Highway 80, Midland or the Ector County Extension Office, 1010 E. 8 St., Odessa.

Samples and \$10/sample are due at 8:30–10:00 a.m. on Wednesday, May 5.

Pre-register for the workshop at
