Sandy and Wolf Creek I-Plan Coordination Committee Meeting

Date: May 17, 2021

Time: 3:00pm – 4:00pm

Location: Online via MS Teams

Meeting Summary

Welcome and Introductions

Michael Schramm (TWRI) began the meeting with the agenda and introduction of the committee members. Schramm noted that he would follow up with other committee members after the meeting.

TMDL I-Plan Status

Schramm provided a brief review of the goals of the I-Plan and TMDL process. Schramm said the draft TMDL is currently under internal review at TCEQ and the Technical Support Document is available for review at: <https://www.tceq.texas.gov/assets/public/waterquality/tmdl/118sandywolfcreeks/118-sandy-wolf-tds-2020june.pdf>

Management Measure Discussion

This portion of the presentation focused on management measures for inclusion in the I-Plan. The management measures include:

- Promotion and implementation of NRCS Conservation Plans and TSSWCB Water Quality Management Plans.
- Promotion of Sustainable Forest Practices
- Reduction in SSOs and Unauthorized Discharges
- OSSF Management Programs
- Household Pet Programs
- Feral Hog Management Workshops
- Volunteer Water Quality Monitoring
- Continued Implementation of Clean Rivers Program

Committee members had no objections to the inclusion of the listed management measures. Schramm said he will follow up with members that were not able to make today's meeting. Draft I-Plans will be provided to the committee members for review and the next meeting will be time to discuss any issues or shortcoming committee members identify in the plan.

Meeting adjourned at 3:25.
