

Water Well Owners Educational Event

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

Thursday, June 17, 2021
8:30 a.m. - 12:30 p.m.

AgriLife Extension office for
Parker County, 604 North
Main Street, Suite 200,
Weatherford

TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples the day before the event (Wednesday, June 16) to be screened for nitrate-nitrogen, total dissolved solids (TDS), arsenic and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at the Parker County AgriLife Extension office, 604 North Main Street, Suite 200 in Weatherford (same location as the informational event).

Samples and \$10/sample are due at 8:30-10 a.m. on Wednesday, June 16.

Pre-register for the workshop at

Funding for the Texas Well Owner Network is through a Clean Water Act nonpoint source grant provided by the Texas State Soil and Water Conservation Board and the U.S. Environmental Protection Agency. The project is managed by the Texas Water Resources Institute, part of Texas A&M AgriLife Research, AgriLife Extension and the College of Agriculture and Life Sciences at Texas A&M University.
