

Healthy Lawns and Healthy Waters

Rainwater harvesting and turf management in-person training August 31

Texas A&M AgriLife Extension Service's [Healthy Lawns and Healthy Waters Program](#) will host a residential rainwater harvesting and turf management training August 31 for Bell, Lampasas and Mills counties.

The free event will be a hybrid in-person and Zoom online event held from 10:00 am-2:30 p.m. The in-person training will be held at the Copperas Cove Library, 501 South Main St, Copperas Cove.

Attendees can RSVP [online](#) or contact John Smith, AgriLife Extension program specialist, College Station, at johnsmith@tamu.edu or 979-204-0573. Those who RSVP to the event will receive updates, instructions to join the online version of the meeting and materials related to the meeting via email. -Both in person and Zoom attendees need to register online.

The training is offered in collaboration with the Lampasas River Watershed Partnership.

Attendees can submit a soil test by picking up and dropping their soil sample and Urban Information sheet off to the AgriLife Extension offices in Bell, Lampasas or Mills Counties prior to or by one week after the meeting. They can also bring their soil sample to the training.

The training will include information on how to understand soil test results and nutrient recommendations so residents can interpret results once the analysis is mailed to them.
