

# Urban Riparian and Stream Restoration Program

## Urban Stream Restoration Training – The Woodlands

March 24, 2022 | 8:30 am - 4:00 pm

Houston Advanced Research Center  
8801 Gosling Rd,  
The Woodlands, TX 77381 ([Map](#))

Information including the hydrologic cycle, basics to stream morphology, stream classification, stream instability, stream restoration, stabilization structure, vegetation, and monitoring and evaluation will be explained through classroom-style teaching in the morning session, and hands-on activities in the field at a nearby stream in the afternoon sessions. Participants will receive a certificate of completion at the end of the training.

Registration is limited to the first 40 people due to space limitations. Participants are encouraged to wear masks inside the meeting facility. Cost is \$50 and includes all training materials, a catered lunch, and a certificate of completion at the end of the course. Registration is required by March 17, 2022. Register online at <https://twri.tamu.edu/urbanriparian/thewoodlands>, or by email to [LFGregory@ag.tamu.edu](mailto:LFGregory@ag.tamu.edu). Lunch will be provided but participants may bring their own. Dress is casual and comfortable; hip boots/waders are required for the hands on field assessment, as we will be in the creek in the afternoon.

Continuing Education Units Available:

- Texas Nutrient Management Planning Specialists – 6 hours
- Texas Floodplain Management Association – 6 CECs
- Certified Crop Advisor -- 7 CEUs (Nutrient Mgmt.: 1, Soil & Water: 2.5, IPM: 1, Sustainability: 2.5)
- Texas Board of Architectural Examiners "Acceptable for HSW credit"
- The program may also be used for CEUs for Professional Engineers.
- Check with your Chapter for Master Naturalist and Master Gardener to see if it is approved for your area.

Funding provided through a Clean Water Act Section 319(h) nonpoint source grant from the Texas Commission on Environmental Quality and U.S. Environmental Protection Agency.
