**TWRI researchers study shared groundwater resources between U.S., Mexico**  
Underneath the border of the United States and Mexico lie transboundary aquifers. Little is known about most of these aquifers or how the two countries can mutually manage these waters. [Read more.](#)

#### **Aggies in Namibia**

NRI's very own communications student technician shares with us about her study abroad to Namibia to learn about photojournalism and applied agriculture practices. [Read more.](#)

**Meet a scientist: Laura Rodríguez Lozada**

Laura Rodríguez Lozada, a graduate student at Texas A&M University and graduate research assistant at Texas Water Resources Institute, is a member of the Transboundary Aquifer Assessment Program team conducting binational scientific research on transboundary aquifers. [Read more.](#)

**Hunting license no longer required to hunt wild pigs in Texas**

No hunting license? No problem...at least when it comes to wild pigs. [Read more.](#)

**Photo essay: Agricultural BMPs for watershed planning**

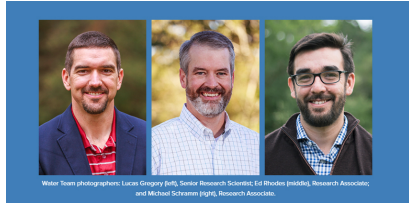

Read through a photo essay from the Agricultural Best Management Practices for Watershed Planning Training at the USDA's ARS Grassland Research Laboratory in Riesel, TX. [Read more.](#)

### Texas Watershed Planning Program reaches watershed coordinators statewide

[Read more.](#)

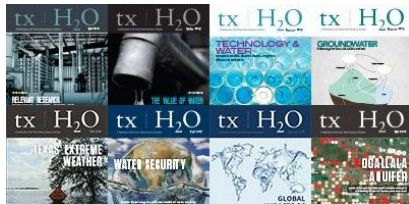

### ICYMI: TWRI's nature photography highlight

[Read more.](#)

### Partners transform abandoned wastewater treatment ponds into coastal wetland habitat

[Read more.](#)

### txH<sub>2</sub>O highlight:

#### 21st Century irrigation

[Read more.](#)

### TWRI staff present at national water resources conference

[Read more.](#)

### Texas Land Trends meets real estate

[Read more.](#)

### New Texas Land Trends report shows changes in Texas borderlands over time

[Read more.](#)

### First endangered mussels successfully raised in captivity by NRI researchers

[Read more.](#)

### SERPPAS Principals meet to share priorities for the upcoming year

[Read more.](#)

### Texas Water Journal publishes new article

[Read more.](#)
